****WILL CONSIDER DOWNGRADING POSITION TO FIRE & LIFE SAFETY OFFICER I****

SELECTION CRITERIA - -

- Please send your completed Standard State Application and résumé to the address above.
- SROA/Surplus employees are encouraged to apply.
- Transfers, reinstatements, or recruitment from the employment list may be considered. Consideration may be given to applicants on another Department's employment list, provided the criteria are met to transfer the eligibility from the employment list to DGS' employment list
- Applications will be evaluated based on eligibility and desirable qualifications and interviews may be scheduled.

Under the general supervision of the Supervising Structural Engineer, the incumbent performs full journey level fire and life safety plan checking; and compliance and enforcement of applicable codes, regulations and standards for public school, community college, and state owned essential services buildings. The incumbent also provides technical lead direction to the Fire & Life Safety Officer I staff.

ESSENTIAL FUNCTIONS

In order to ensure compliance with applicable fire and life safety codes, regulations and standards as contained in Titles 19 and 24 of the California Code of Regulations, upon acceptance of submittals by the Senior Architect (Project Intake Specialist):

- Independently reviews plans and specifications of public schools, community colleges, and essential service buildings, and other projects to assure compliance with applicable fire and life safety codes, regulations and standards as contained in the California Building Code. Buildings represent a full range of types of construction and occupancies involving a wide variety of codes and standards.
- Reviews fire alarm and fire sprinkler shop drawings, change orders, addenda, and other submittal for approvals for fire and life safety code compliance in accordance to the DSA formal plan review process.

CLASS TITLE Fire & Life Safety Officer II	POSITION NUMBER 720-201-4351-901	RPA NUMBER 8554-DSA	FILE BY 06/15/07
